***Response to Amendment/Arguments***

1. This action is in response to amendment filed 08/03/07, which has been entered.
2. Claims 1-12 are still pending.
3. Per P. 5, paragraphs 13-18, **Figure 4 should be designated by a legend such as --Prior Art--** because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.
4. In view of Applicant's amendment, the 35 USC § 112 rejections have been withdrawn.
5. Regarding claim 1, in the second paragraph on P. 8 of the response filed 08/03/07 applicant recites that it is possible to have a different number of thumbnails for each data file format and that this feature is neither disclosed nor suggested in any of

Art Unit: 2624

the cited references. However, this feature is not a claim element. Therefore the argument is not persuasive.

6. As a whole, applicant's arguments in the response filed 08/03/07 are not persuasive because in the response Applicant only offered (1) a description of the invention and an assertion that the invention is not disclosed/suggested in the recited references, (2) applicant's understanding/interpretation of what the recited references disclose and (3) another assertion of the non-disclosure in the recited references. No discussion as to why the examiner's analysis is deficient was presented. Therefore the 35 USC § 103 rejections of claims 1-12 have been maintained.

#### ***Conclusion and Contact Information***

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

Art Unit: 2624

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
